

**CONTACT TRACING**

**VIA TEXT MESSAGE**

Is your restaurant or business struggling to capture your guest information for Contact Tracing? We have an easy and affordable solution!

- ◆ Guests can use a QR code to enter their name
- ◆ Date and time of their visit is automatically recorded
- ◆ Contact information is logged
- ◆ Contacting a guest via Text Message is easy through TxtPage Select
- ◆ All contact information is exportable for accurate reporting to government agencies

## HOW DOES IT WORK?

- 1 Your guest can scan a QR code to enter their information and check-in to your restaurant
- 2 Guest Contact Information will be saved and stored for accurate reporting to government agencies
- 3 Can also be used to notify guest their table is ready

## WHY TXTPAGE SELECT?

- Easy to Use
- No equipment or software to install
- Two-way interactive text messaging
- Easy contact addition, viewing, and editing all on one page
- QR code sign in
- Additional information field available for each contact.
- Send and receive text messages from any cellular phone or other SMS capable device
- Store unlimited custom “canned” messages
- Add / Delete single or multiple contacts
- Exportable message log

**Starting at just \$30 per month**
